### JESSY BODEC

Being a sommelier is more of a hobby than a job for Jessy Bodec, one of Israel's most well-known and acclaimed sommeliers. This career path allows Jessy to share his passions and deep rooted love for wine with people all around the world.

This is not surprising, as Jesse's life has revolved around wine since his early days in France. After learning the basics of wine and mastering the profession's skills, he was chosen as a sommelier. After his return to Israel, he was employed as a senior wine curator in several prestigious restaurants in Israel, and even won first prize in a prestigious sommelier competition.

At the same time, Jesse opened the company Wine Space, which provides professional consulting services.

After several months of collaboration, Jesse Bodek created a wine menu especially for InterContinental David Tel Aviv guests
